

## Ocean Design Mesh Gear Bag

Brand: Apollo

### Description

The Ocean Design Mesh Gear Bag is a great option for carrying scuba and snorkelling equipment. The mesh duffel design allows for easy drainage and quick drying. The saltwater resistant YKK zip make it a great option for boat use. The bag will also fold down into compact storage when not in use.

The Ocean Design Mesh Gear Bag is extremely spacious and easily fits your essential diving equipment such as your fins, snorkel, mask, regulators etc. with still plenty of room (as pictured).

### Features:

- Designed for snorkelling and scuba equipment
- Mesh duffel allows quick drying and drainage
- Saltwater resistant YKK zipper
- Padded carry handles for comfort
- D-rings for the included shoulder strap
- Folds compact for easy storage
- Identification card / slot at the back

Dimensions: 75 x 45 x 30cm

Grab handles both ends plus carry handles on each side

Shoulder strap
