- **Ladder like climbing handles at stern of the boat allows for rescuers and victims to easily climb into the boat.**
- **Multiple handles and anchor points for carrying and attaching rescue equipment.**
- **X-Sled can be paddled, towed or lowered**
- **High quality Leaffield inflation and pressure relief valves**
- **Textured foam deck assists crew stay anchored and comfortable.**

PRODUCT DETAILS

- Designed to accommodate two rescuers and one victim but can easily float 4-5 people.
- The X-Sled can be paddled, towed or lowered where it's needed most.
- 16 handles give lots of options for carrying the Sled and for attaching rescue equipment.
- Six handles on the back deck are placed in a "ladder pattern" for ease of climbing on-board.
- D-rings are on large surface-area patches to handle the load strain of towing and lowering.
- Textured foam deck pads help the crew stay anchored in rough conditions.
- The high bow kick lets the X-Sled rise up and over waves and ice ledges.
- Hi-vis color and logos stand out on the water, and alert casualties and the public to your mission.
- Top-quality Leaffield inflation and pressure relief valves ensure trouble-free performance.
- Includes the NRS Super 2 HP Pump and repair kit.
- Two-year warranty.
- SKU: RA01000

OPTIONAL EXTRAS

NRS MEDIUM BOAT BAG

- Protect your boats from UV rays that can prematurely age them plus keep dirt and debris off your boat while in storage or when traveling.
- Made from durable, 18 oz./1000 denier PVC material reinforced with rugged nylon webbing.
- A zippered closure bound on each side with breathable mesh allows easy storage and venting so your boat dries.

NRS PTC Raft Paddle

- Built outfitter tough with quality materials, High-impact 8" W x 18" L ABS plastic blade can take the abuse of multiple paddling seasons.
- Airplane-grade 1 1/4" aluminum shaft is strong and resilient, for harsh environments.
- Polyethylene sheathing protects the shaft and provides a comfortable grip.
